

Passionate Computer Systems Engineering student and accomplished MERN Stack Developer. A collaborative team player known for making a mark in challenging projects. Eager to fuse technical prowess and academic insights to excel in dynamic development environments.

EXPERIENCE

ASSOCIATE SOFTWARE DEVELOPER

Tafsol Technolgoies | Karachi, Pakistan.

DEC 2024 – PRESENT

Currently working as a MERN Developer, where I contribute to building dynamic and responsive web applications using the MERN stack, primarily focusing on React.js and Next.js. My role involves developing modern, mobile-friendly user interfaces with Tailwind CSS, integrating APIs, and ensuring seamless performance across platforms. I actively participate in collaborative development processes, including code reviews, debugging, and deploying projects using Git and modern hosting platforms like Vercel.

IT INTERN

Sui Southern Gas Company Limited | Karachi, Pakistan

FEB 2024 – MAR 2024

During my internship at Sui Southern Gas Company (SSGC), I was responsible for developing a robust survey management application using the MERN stack. Also, I gaining valuable exposure to the IT department's infrastructure and operations.

FREELANCER

Fiverr, Upwork, Freelancer

JAN 2023 – DEC 2024

As a freelancer on Fiverr, I provide Python programming, web development, and data science services. I've worked with clients to build custom websites, automate workflows, and develop data-driven solutions.

EDUCATION

BACHELOR OF ENGINEERING IN COMPUTER INFORMATION & SYSTEMS ENGINEERING

NED University of Engineering & Technology
